SUMMARY

AI Automation Specialist and Client Success professional with over five years of experience designing scalable workflows and ensuring client satisfaction. Proven expertise in building automation solutions with n8n and integrating AI tools to streamline business processes. Adept at client relationship management, requirements gathering, and translating business needs into technical implementations that enhance operational efficiency.

EXPERIENCE

AUTOMATIONS SPECIALIST (N8N OPERATOR)

Individual Contractor

July 2025 – Present

- Design and deploy scalable automation workflows using n8n, connecting multiple services to streamline client business processes and reduce manual effort by up to 70%.
- Develop automated systems featuring intelligent response logic, data validation, and user management, ensuring reliable data flow and compliance.
- Implement JSON manipulation, conditional logic, and API integrations to solve complex client requirements for lead generation and data processing.
- Serve as the primary technical contact for client projects, gathering requirements and providing regular updates to ensure successful solution adoption.
- Create documentation and SOPs for clients, facilitating training and smooth post-launch support for implemented systems.

CUSTOMER SERVICE REPRESENTATIVE AND AI DATABASE MANAGER

Mirai Labs

March 2024 – October 2025

- Managed a community of 20,000+ players, resolving complex technical issues and training AI agents to automate Level-1 ticket resolution, clearing 70% of routine inquiries.
- Audited and updated the AI knowledge base database, ensuring accurate and current information for automated responses and agent training.
- Moderated community forums and led discussions on Web3 topics, directly contributing to user engagement and platform health.
- Collaborated with development teams to troubleshoot in-game errors, providing detailed reports that improved product reliability.
- Handled client and customer communications across chat and email, maintaining top satisfaction scores while solving technical and procedural problems.

CUSTOMER SERVICE REPRESENTATIVE / ACCOUNT SPECIALIST (HEALTHCARE)

Innovative System Group Global

March 2021 – October 2024

- Managed end-to-end patient scheduling and registration for multiple providers, reducing no-show rates by 15% through personalized SMS and email confirmations.
- Served as the primary point of contact for healthcare clients, gathering requirements and coordinating appointments to ensure seamless service delivery and high patient satisfaction.
- Facilitated collaboration between departments to optimize communication, promptly forwarding requests and managing provider calendars to prevent overbooking.
- Analyzed patient demographics to prioritize and assign cases, improving personalized care and operational efficiency for the client organization.

ENGINE CADET

Atlantic Bulk Carriers Management LTD

March 2018 – August 2020

- Assisted in the maintenance and monitoring of ship systems, applying disciplined technical problem-solving to ensure operational efficiency and safety.
